

Make with
Peppa!

Make George's Dinosaur Hat!

You will need:

- newspaper
- green paint
- green paper
- blue and white foam
- yellow and red card
- 2 cardboard tubes
- safety scissors
- masking tape
- a bowl of water
- child-safe PVA glue
- an empty bowl
- an adult to help

1

Soak 10 single sides of newspaper in watered down PVA glue. Remove them from the glue and mould them evenly round the outside of the bowl. Leave to dry overnight. Once the newspaper hat is dry, paint it green.

2

Paint your 2 cardboard tubes with green paint. Attach one tube with masking tape to the front of the hat for the snout. Make the teeth and a tongue out of white foam and red card.

3

To raise the eyes, stick down two more sections of the cardboard tube. Cut out circles from the blue and white foam and stick these on with PVA glue.

4

Stick a strip of green paper on to the back of your hat. Then stick on some green and yellow triangles. Now pop on your cool dinosaur hat!

Grrrr!
